

Statement of Qualifications

Clean Earth Solutions is an environmental firm focusing on the education, prevention and remediation of various types of contamination. The scope of services offered by **Clean Earth Solutions** fall under two major headings. These headings are “Products” and “Services”. Under each individual heading are specific areas of expertise that provide our customers with comprehensive programs to prevent, identify, and eliminate contamination liabilities and responsibilities. At **Clean Earth Solutions**, we begin each project analytically, work through it diligently, and finish it to our own high standards, as well as our clients complete satisfaction.
